Dear Commissioner,

Please Substitute this attached first page for the amendments to the specification for the first page for the amendments to the specification that was sent in on August 21, 2003.

Please substitute this attached 4 pages of claim amendments for the amendments submitted on August 21, 2003.

**Remarks**

We apologize for the tape that was on the first page of the amendments to the specification that were sent in August 21, 2003. The draft document was inadvertently included instead of the original. Please substitute this original amendment to the specification.

The August 21, 2003 amendments to the claims do not reflect the correct number of amendments prior to the claim. For example claim 2 indicates (once amended) and it

should indicate (twice amended). This substitute set of claim amendments reflects the corrections.

Respectfully submitted,
